## RAIN DELUGES MINNESOTA BENEFITING CROPS

### MINNESOTA, THE DAKOTAS, GAIN MOISTURE

HEAVIEST RAINFALL IN MINNESOTA AT THIEF RIVER FALLS, .96 INCH

ST. PAUL HAD .86, ALEXANDRIA .47, BRAINERD .42 INCH

The second "million dollar rain" of the season fell in Minnesota early today, University Farm officials estimating its value to crops at that amount.

The rain, the officials said, came at just the time when it was most needed. While the hay crop is too greatly damaged to be entirely saved, grains were greatly benefited. Additional rains soon will produce nearly normal grain crops.

The heaviest rainfall in the state was reported at St. Cloud, where the precipitation was 1.16 inches. St. Cloud is in the center of the "dry belt" and farmers regarded the downpour as a blessing.

Slight damage was done by the general rain which deluged Minnesota during the night, accompanied by brilliant lightning displays, reports to the United Press today revealed.

Most of Minnesota, South Dakota, North Dakota and parts of Wisconsin were benefitted by the rainfall which was heaviest in Minnesota, some weather bureau stations reporting precipitation of almost one inch.

Several homes were struck by lightning. Farm buildings also were hit by bolts in various localities. The barn of Nick Karst, in the northeast part of the village of Pierz, near Little Falls, Minn., was destroyed by fire after lightning struck it and two horses, chickens and several calves perished.

The heaviest rainfall in Minnesota was at Thief River Falls, which reported .96 inch; St. Paul, which had .86 inch, Crookston, where the precipitation was .67 inch; Alexandria, where it was .47 inch; Minneapolis, where it was .42 inch. Other cities reporting more than .10 inch rainfall were Argyle, Bemidji, Detroit, Faribault, Grand Meadow, Montevideo, Mankato, Moorhead, New Ulm, Park Rapids, Warroad, Winnebago and Worthington. At Pipestone, only .05 inch precipitation was recorded.

LaCrosse, Wis., reported .32 inch rainfall, light rains occurred in Aberdeen, Eureka, Millbank and Mitchell, S. D., and heavy downpours in Huron, Rapid City and Watertown, S. D.

Only a sprinkling of rain was reported in Fargo, N. D., rain fell at scattered points throughout the state. Ellendale reported .24 inch precipitation. The visitation of the rain in North Dakota was accompanied by a rapid drop in temperature from a maximum of 83 degrees on Thursday to 60 today.

The effect of the rain on crops was beneficial. The deficiency in moisture has affected growth in all parts of Minnesota except the extreme southeast. The soaking that the ground received during the night was of inestimable value.

St. Paul, June 11.—A three-hour rain and electrical storm which raged in St. Paul early today put thousands of telephone circuits out of commission, disrupted telegraph communications and put power transmission lines out of commission. Lightning struck a building and a number of telephone and electric posts.

Five blocks of high power, transmission and telephone cable lines were torn down in one part of the city and police, fire apparatus and emergency repair crews were called out as the sputtering cables cracked and snapped, illuminating the entire district and endangering a number of homes.

Lightning struck the bakery and residence of Mrs. Henry Baldinger, 64, doing \$200 damage. Mrs. Baldinger was ill inside the home, and could not be moved, but firemen extinguished the flames before they reached her bed.

Chicago, June 11.—Rains yesterday and today over the grain states of the middle west terminated a long drouth in some localities and brought needed moisture to crops and pastures.

Precipitation was heaviest in Illinois, a drenching rain falling this

## Brainerd Ladies Band to Play State Fair 3 Days

### DAUGHTER CARRIES ON BUSINESS WHILE DAD'S AWAY

Waverly, Minn., June 11.—(UP)—When papa goes out of town, Miss Antoinette King, of Waverly, takes his place as a real estate saleswoman and her score thus far is perfect.

King was out of town on business when Alvin H. Haugan, of Waseca, called regarding a 16 acre chicken farm for sale near Buffalo. Miss King stepped into the gap, showed Haugan over the Buffalo property and expounded its advantages.

Miss King's sales talk was so persuasive that Haugan closed the deal for the property on the spot and Papa King was pleasantly surprised when he returned.

### PRaise FOR MINNESOTA BANKERS GIVEN

#### HELPED AMERICAN FARMERS RAISE PRODUCTS VALUED AT 14 BILLION DOLLARS

#### DEAN W. C. COFFEY ADDRESSES STATE BANKERS' ASSOCIATION

St. Paul, June 11.—(UP)—Praise for Minnesota bankers for the part they played in helping American farmers raise products valued at \$14,000,000,000 in 1925 was sounded yesterday by Dean W. C. Coffey of the department of agriculture at University Farm who spoke before the state bankers' organization at University Farm.

The committee on agriculture, at the same session, submitted a report urging bankers to undertake five activities in bringing about better agricultural conditions in the northwest.

The projects are:

1. Thorough co-operation between bankers and county agents and farm bureau units.
2. Financial aid by bankers in promoting boys' and girls' club work.
3. Aid in eliminating scrub cattle and installing medium-priced pure-bred stock on farms.
4. Whole-hearted support of cow testing associations.
5. Aid in increasing alfalfa, sweet clover and alfalfa hay crops.

### FIND BODY IN 4 FEET OF WATER

Winona, Minn., June 11.—(UP)—The body of Mrs. John Haack, 44, was recovered today from Lake Winona.

Mrs. Haack disappeared from her home Thursday night. They started a search early today and at 3 a. m. discovered her clothing near the lake. Five hours later, they found her body in four feet of water.

Mrs. Haack apparently had been in good health and no motive for suicide was known. She is survived by the widower and two small children.

### ALBERTA HAS A SUMMER SNOW STORM

Winnipeg, Man., June 11.—(UP)—Alberta has a summer snow storm Wednesday night. The fall was reported over an area 30 miles wide in the vicinity of Calgary.

As the snow was of the wet variety it soon melted and should do considerable good as moisture was badly needed. Four inches of snow was recorded at some points.

morning in Chicago. Iowa had general showers except in the northwest section. Nebraska also had light rains.

Agricultural experts said the showers were just in time to help crops in many sections. Value of the rain to farmers of the affected section, they said, was inestimable.

Minneapolis, June 11.—Three homes in the southern part of Minneapolis were struck by lightning during the storm early today. Miss Nina Olson, maid at the home of Elmer E. Bates, was knocked unconscious when a bolt hit her. The same bolt struck a chimney, toppling it from the roof, and wrecked furniture.

### BRAZIL CASTS OFF FROM THE LEAGUE NATIONS

CABLE SENT BY THE GOVERNMENT TO MELLO FRANCO

SPAIN ALSO THREATENS TO WITHDRAW FROM LEAGUE

Rio De Janeiro, June 11.—(UP)—Brazil has determined to resign from the League of Nations, it was revealed today in a cable sent by the government to Mello Franco, the Brazilian member at Geneva.

By HENRY WOOD (United Press Staff Correspondent)

Geneva, June 11.—With Brazil already resigned from the League of Nations council, Spain threatening to withdraw from the League and all progress toward world disarmament blocked until September, members of the council will be arriving in their home capitals today and tomorrow to explain to their respective cabinets the painful happenings at Geneva.

France told the council yesterday that she could not disarm until her security had been guaranteed adequately. Sir Austen Chamberlain, the British foreign secretary, then requested delay in consideration of French proposals to amend the League covenant to conform with the French idea of security. The amendments would enable the council to act more quickly to prevent hostilities and also to render quick financial, economic and military aid to the attacked nation. Sir Austen said he needed time to ascertain the precise scope of the proposals.

The council held that Brazil cannot resign before September when the assembly will be in session and prepared to elect a successor.

After stating that the Brazilian note delivered to the League yesterday definitely resigned Brazil's non-permanent council membership, the government's cable added that "in accordance with the final part of the League covenant's first article, Brazil will notify the League of Nations secretariat of her decision to decline the honor, which she always has appreciated, of taking part in the League, thereby completing with rectitude and regret her act of today. (Meaning the note which was delivered to the League yesterday.)"

### FIRST DEATH FROM HEAT AT ST. LOUIS

St. Louis, Mo., June 11.—(UP)—The first death from the heat occurred here yesterday when the mercury reached a height of 88 degrees. August W. Zell, 50, superintendent of the Park Avenue post office branch, was stricken while sprinkling his lawn. He died within a few minutes.

### ROCKWELL SELLS INTERESTS IN NEWS TRIBUNE

Duluth, June 11.—(UP)—Interests of James E. Rockwell in the Duluth News Tribune have been sold to Reed Taft Bayne, the newspaper will announce Saturday morning.

Bayne has acquired control of the News Tribune company. He became managing editor and vice president last November and now becomes president and editor. Some minor changes in the staff of the News Tribune will result.

Rockwell has purchased an eastern newspaper, and will take charge of it within a month, but until then the deal will not be announced, it was said.

### QUIET SEEMS RESTORED IN POLAND

Warsaw, June 11.—(UP)—Quiet seemed to have been restored in Ostrowiec today after yesterday's clash between police and metal workers in which five civilians were reported killed, and nine injured.

Metal workers in an Ostrowiec factory demanded the dismissal of an engineer. The management refused and police were called to control the crowd. Two labor leaders were arrested.

The workers marched to the police station to free their fellows and the police fired on the crowd.

### GREAT BRITAIN SENDS A NOTE OF PROTEST TO MOSCOW

London, June 11.—(UP)—Great Britain today sent a note to Moscow protesting the subsidizing with Russian funds of the British Trades Union council during the general strike in May.

### HUGE EXPENSE BILL REVEALED IN PRIMARIES

THOUSANDS OF DOLLARS USED IN PENNSYLVANIA PRIMARY POLITICS

TO DATE CLAIMED OVER MILLION AND A QUARTER SPENT IN THE ELECTION

Washington, June 11.—Joseph R. Grundy, a republican political leader in Pennsylvania, told the senate primary investigating committee today that he personally had given and stood good for \$408,000 for the recent primary campaign of Senator George Wharton Pepper.

Under close examination by Senator Jim Reed, democrat, Missouri, noted prosecutor, Grundy admitted he had "loaned" the Pepper organization \$300,000 outright, that he had contributed \$18,000 and signed a joint note on the Corn Exchange Bank with A. W. H. Folwell for \$90,000.

Washington, June 11.—The mounting cost of the recent Pennsylvania primary reached \$1,310,000 in evidence divulged to the special senate investigating committee today.

Joseph R. Grundy, prominent republican leader told the committee that the Philadelphia headquarters of Sen. George Wharton Pepper had expended about \$1,615,000. He said he personally had stood good for \$408,000. The expenditures so far revealed comprised only a part of all that was spent.

### GREAT LAKES LOWER THAN EVER BEFORE

WATER LEVEL CAUSES CONCERN IN GREAT LAKES DISTRICT

LACK OF RAINFALL AND CHICAGO WATER DIVERSION CONTRIBUTING CAUSES

Washington, June 11.—(UP)—The Great Lakes are lower this year than ever before in history involving a tremendous problem to navigation, Major General Harry Taylor, chief engineer of the United States Army, told the senate commerce committee today as hearings opened on the rivers and harbors bill.

Among other projects the bill authorizes a survey of the Great Lakes to ascertain how the level may be maintained. General Taylor said that lack of rain fall was the principal cause for the lowering of the lakes, though he admitted, when questioned, that diversion of water at Chicago had lowered the lakes five inches.

He said Lake Michigan had fallen 4 feet since 1917 and that other lakes were lower than ever before.

### COOLIDGE HOUSE OR CHURCH MAY FALL ON HIS HEAD

Washington, June 11.—(UP)—President Coolidge is confronted with the danger that either his house or his church will fall on his head.

For some time the White House roof has been considered unsafe and Wednesday steps were taken to appropriate \$370,000 for remodeling of the upper story and the roof.

And now the president's church, the First Congregational, has been declared unsafe and building inspectors have ordered all services discontinued. Some plaster fell on a woman parishioner sitting only a short distance from the president's pew recently, injuring her severely.

### PANIC AMONG SCHOOL PUPILS IN BROOKLYN

SMALL BOY SHOUTED "BLACK-HANDER" IN ANSWER TO RETORT

ALARM SPREAD FROM ITALIAN SCHOOL TO THE WHOLE NEIGHBORHOOD

Brooklyn, June 11.—(UP)—A small boy shouted "Blackhander," probably as a hot retort to some tormentor in front of a school largely attended by Italians here and precipitated a panic which spread through the hundreds of children at the school, then around the neighborhood and finally required strenuous efforts by police to quiet.

Two children were so severely hurt they were taken to hospitals and others were knocked down and bruised, requiring first aid treatment.

The children were entering the buildings for classes when the cry of "Blackhanders" came from the street.

The cry was taken up by all the children. Those still outside broke ranks and fled for their homes, spreading the cry. The lines of children inside the building stopped moving as they took up the cry. Then they turned towards the doors.

In a moment they were shoving, pushing and fighting to escape. Teachers attempting to quiet them were brushed aside. One boy fell on a stairway and trampled and kicked.

Soon the school was stormed by excited women and a few men.

Cries of "Where's my baby?" went up as many mothers sought to force their way into the school.

Emergency squads of police arrived and called for reserves. Then, crushing their way through the screaming children, dotted with frantic mothers, they took stations at the doorways and gates, stemmed the rush and restored order.

"It was a peculiar instance of mass hysteria," was the verdict of the police.

### PLUNGES TO HER DEATH FROM 8TH STORY OF BUILDING

Milwaukee, Wis., June 11.—(UP)—Either jumping or falling after having lost her balance, Sophie Melnikov, 24, plunged to her death from the eighth floor of the Northwestern Mutual Life Insurance Co. building here shortly before noon. A short time before the crushed body of the girl was found on the sidewalk at one side of the building, she had called on the company physician for medical aid.

It is believed she climbed to the two-foot ledge off the eighth floor and after walking about for a short time either fell or for some unknown reason jumped to her death.

The body was removed to the morgue when the company physician pronounced her dead. The coroner will conduct an investigation in an effort to determine whether she fell or jumped, and if she jumped, what the motive could have been.

### TRIED ON CHARGE OF SHOOTING HER YOUTHFUL LOVER

Amidon, N. D., June 11.—(UP)—Bessie Lang will be tried at the next term of court on a charge of shooting and wounding Kenneth Sletto, her former lover, in a fit of jealousy. She was arraigned on a charge of shooting with intent to kill and pleaded not guilty.

Miss Lang is alleged to have shot Sletto five times as he escorted a young woman friend into a farmhouse near Marmath where a neighborhood party was being held.

### TWO RAILWAYS TO TAP HOLLANDALE

Washington, June 11.—(UP)—The Rock Island railway and the Chicago, Milwaukee and St. Paul receivers were authorized by the I. C. C. to construct separately two lines of approximately 10 miles in Freeborn county, Minnesota.

The territory to be served by the two railroads consists of a large acreage of reclaimed swamp land in the vicinity of Hollandale and Maple Island.

### REICHSTAG DEFEATS EFFORT TO UNSEAT NEW GOVERNMENT

Berlin, June 11.—(UP)—The reichstag today defeated a communist effort to unseat the new government. The deputies rejected the misconfidence motion by a rising vote.

The communist motion sought to break the government on the issue of President Von Hindenburg's recent letter condemning the socialist-communist proposal for expropriation without compensation of former royal property.

The socialists abstained from voting.

### LIFT MYSTERY OVER WILL OF THE LATE V. L. POWER

WIDOW, CLAIMING SECRET MARRIAGE TO POWER, CONTESTS WILL

CAREFUL STEPS ARE TAKEN TO GUARD DETAILS OF ALLEGED MARRIAGE

St. Paul, June 11.—(UP)—Some of the mystery surrounding the litigation over the will of the late Victor L. Power, disposing of the former Hibbing mayor's \$300,000 fortune was lifted today.

While hearings on probate of the will were resumed in the St. Louis county probate court at Duluth, the United Press learned that counsel for Mrs. Madeline Toogood Stack Power, who says she was secretly married to Power after he drew up the will now being contested, anticipate a stiff legal battle.

Careful steps have been taken to guard details of the alleged marriage of Power and Mrs. Power until the will contest hearing comes up next Wednesday. W. O. Bishonett, attorney for Mrs. Power, is especially cautious regarding the date of the alleged marriage.

However, the United Press learned that when Power died in Hibbing on Tuesday, April 6, Mrs. Power was a patient in a St. Paul hospital. Despite her illness, she attended funeral services for Power, but returned to St. Paul immediately thereafter.

Mrs. Power is young, pretty and charming of manner. She shrinks from the publicity attendant upon the will contest, but has become resigned to the inevitability of public curiosity.

For several months Mrs. Power has been ill and under a physician's care. Relatives explained she is suffering from a throat affliction and a partial nervous breakdown. She is unable to speak above a bare whisper and visitors are not allowed to see her. However, her condition is improving and it is expected she will be able to be in Duluth for the hearing next Wednesday.

The details of her contest of the Power will have not been made public, but the United Press is reliably informed she will claim all of the \$300,000 estate as hers under Minnesota law governing similar circumstances.

The will leaves the estate to four brothers and sisters of Power. These legatees are opposing Mrs. Power's claim and will question her alleged marriage to him.

Duluth, June 11.—The hearings on the probate of the will of the late Victor L. Power were resumed here today, but the contest of Mrs. Madeline Toogood Stack Power has been continued until next Wednesday.

The hearing on probate of the will is more or less technical and will not involve Mrs. Power's contention that she married Power after he drew it up.

Continuance of the contest was obtained late Thursday by W. O. Bishonett of Duluth, attorney for Mrs. Power. A subpoena directing her attendance at Wednesday's hearing has been issued and will be served on Mrs. Power.

### Sleepy Eye Banker Held on Fraud Charge

Minneapolis, June 11.—(UP)—Edward F. Berkner, of Sleepy Eye, Minn., a banker, was held to the Hennepin county district court today on a charge of fraud. He is alleged to have sold \$1,700 in cancelled railroad bonds to Josie Erickson, of Albert Lea.

### CONTRACT JUST MADE WITH THE FAIR ASSOCIATION

DIRECTOR WINIFRED CRONK ZIEBEL INFORMED BY RAYMOND E. LEE

LATTER IS CHAIRMAN OF STATE FAIR ENTERTAINMENT COMMITTEE

The Brainerd Ladies band has been engaged to play at the State Fair next September. Mrs. Winifred Cronk Ziebel, director of the famous band, has just closed the contract with Raymond A. Lee of Long Prairie, chairman of the entertainment committee of the State Fair association.

Other bands engaged, said Mr. Lee, include those of Albert Lea, Detroit, Rochester, Winona. Thirty-six applications were received by the fair board. Last year bands of Fremont City, Glenwood, Winthrop, Two Harbors and Preston played at the fair.

The Brainerd Ladies band have been engaged for the customary three days, but if their appearance is greeted with large audiences and they respect the hit they have made in other sections of the state, the engagement may be lengthened to six days.

It is customary for the community supplying the band to furnish transportation. This, no doubt, can be satisfactorily arranged at Brainerd. If a bus is contracted for, the state fair will supply the banners decorating the bus. A proposition is now being considered whereby the girls may have lodging and board near the fair at a most reasonable figure.

### H. V. JONES OF MINNEAPOLIS JOURNAL BUYS \$75,000 PICTURE

New York, June 11.—(UP)—Purchase of the portrait of a Spanish nobleman of El Greco, Spanish portrait painter, by Herschel V. Jones, owner of the Minneapolis Journal, was announced here today by the Reinhardt galleries.

The picture is described as an unusually brilliant and daring example of the art of El Greco. A handsome Spanish nobleman is shown three quarter length against a gray background, dressed in black doublet, with a white ruff and cuffs.

### PLEADS GUILTY TO CHARGE OF TRANSPORTING LIQUOR

Owatonna, June 11.—(UP)—Pleading guilty to charges of transporting liquor, Harry Woolman of St. Paul was sentenced to 60 days in jail and fined \$150.

Woolman, who was arrested in April when police seized his liquor laden automobile, was arraigned in district court Wednesday.

James Coon, of Albert Lea, brought here on a statutory charge, was sentenced from 1 to 5 years in the St. Cloud reformatory.

### IRON ORE VALUED AT 38 MILLION PRODUCED LAST YEAR

St. Paul, June 11.—(UP)—Iron ore valued at \$38,621,176 was produced in Minnesota in 1925 and is subject to the six per cent occupational tax, the state commission reported yesterday.

The commission certified the amount of last year's tax with all deductions made as amounting to \$2,317,270. The tax will be paid June 15 by 27 mining companies, chief of which is the Oliver Mining Company of Duluth, against which is levied \$1,683,185.

In 1924, the total tax was \$2,859,735, but the mining companies appealed, claiming the tax commission had not allowed the full amount of deductions. The supreme court upheld this contention.

### WISCONSIN DEMOCRATS TO HOLD CONVENTION

Milwaukee, Wis., June 11.—(UP)—Wisconsin democrats will hold their state wide convention in Milwaukee on June 29. It was decided by the state central committee at a meeting here.

## LOCAL NEWS NOTES

## Collaterals

A prime consideration effecting a bank loan is the collateral security behind it. This bank considers character and ability, as well as financial resources, as collaterals worthy of weight.

The MAYTAG will  
Measure up to YOUR  
Greatest Expectations

For homes without electricity,  
the Maytag is available with  
in-built gasoline motor.

- 9 Outstanding Maytag Features
- 1 Washes faster.
- 2 Washes cleaner.
- 3 Largest hourly capacity. Tub holds 21 gallons.
- 4 Most compact washer made—takes floor space only 25 inches square.
- 5 Cast aluminum tub—can't warp, rot, swell, split nor corrode—cleans itself.
- 6 Easily adjusted to your height.
- 7 Clothes can be put in or taken out with the washer running.
- 8 All metal wringer. Self adjusting. Instant tension-release.
- 9 Electric motor for wired homes—Gasoline motor where no electricity is available.

9 Reasons for World Leadership

WASH with the Maytag in your own home—free. See if it doesn't give you everything you want in a washer—the helpfulness that makes washdays easier and quicker—the clothes cleanliness that captivates and satisfies.

See how quickly it washes—a big, tubful in 3 to 7 minutes. A whole washing—50 pounds of dry clothes in one hour. Washes everything, without hand-rubbing, even collars and cuffs, neckbands and wristbands.

Phone us—Use a Maytag at our expense and without obligation. If it doesn't sell itself, don't keep it.

## LOT SALE AT ROUND LAKE

Florida Methods Adopted by the Auctioneer W. T. Conkin

LADIES AND BOYS BANDS PLAY

Number of Purchases Expected From Twin Cities on June 20

All the excitement, the flurry of the Florida land boom days will be staged at East Round lake near Mills Lake on Sunday, June 20, beginning at 10:30 a. m., when W. T. Conkin will cry the sale of 17 lake shore lots with 50 ft. of frontage each and from 200 to 300 feet deep.

As the attraction of the day the Brainerd Ladies band and the Boys' Concert band will be on hand to furnish the musical entertainment for the crowd which is expected to be on hand from the districts in reach.

A number of people from the Twin Cities are expected to be on hand for the auction sale.

## RIVERS AND HARBORS BILL BEFORE SENATE

Washington, June 11.—(UP)—The senate commerce committee decided yesterday to act quickly on the rivers and harbors bill in order that it may be brought before the senate for consideration this session.

The committee was overwhelmingly in favor of expediting the measure although it did not adopt the suggestion of Chairman Jones, republican, Washington, to limit hearings. Opposition to Jones' suggestion came from Senators Willis, republican, Ohio, and Couzens, republican, Michigan, who charged that this "seems like applying the gag rule."

## BUGLE NOTES TAKE PLACE OF CLASS BELLS

Fort Snelling, Minn., June 11.—(UP)—Bugle notes took the place of class bells today for 1,200 young men from half a dozen middle western states who are attending a reserve officers' training corps camp.

The reveille, which sounded shortly after dawn brought the sleepy student officers, many of whom did not reach Camp Snelling until late at night, from their beds for the first

roll call and the beginning of rigid army routine which will rule them until July 23.

The camp is the only one of its kind this year in the seventh army corps area which comprises Minnesota, North and South Dakota, Iowa, Nebraska, Kansas, Missouri and Arkansas.

Instructions will be given in various branches of army work, including infantry, signal corps, dental corps, engineering corps and veterinary corps.

The trainers are all students.

## COOK COUNTY SHERIFF TOSERVE JAIL SENTENCE

Chicago, June 11.—(UP)—Sheriff Peter M. Hoffman, Cook county, will become a federal prisoner tomorrow unless some unforeseen move in procedure intervenes.

Today the sheriff held a conference with his attorney, Alfred S. Austrian whose appeal to the United States supreme court in behalf of Hoffman was denied.

Any further action by the county official and his counsel will probably be announced at the conclusion of the conference but it is expected Hoffman will resign himself to his thirty day sentence without further protest.

## COUNTRY BANK, CLOSED 3 YEARS, PAYS DIVIDEND

St. Paul, June 11.—(UP)—Depositors in the closed Farmers State bank, of Rock Creek, today were mailed checks for a thirty per cent dividend. The total of the dividend is \$21,722. A previous dividend, paid May 19, 1925, was for twenty per cent. The bank was closed on February 7, 1923.

## Farmer Died After 2 Doctors Said, 'Nothing Serious'

Beloit, Wis., June 11.—(UP)—Frank Merlet, 64, prominent farmer of the town Newark died suddenly at his home following an attack of acute indigestion. Merlet was prominent in the good roads movement in this country.

He was taken ill while attending the county play at Janesville and died shortly after reaching his home, being assured by two physicians that his condition was not serious.

**Panama Canal Zone**  
The Canal Zone is a strip of land extending five miles on either side of the axis of the Panama canal, but not including the cities of Panama and Colon, which remain within the republic of Panama. The Canal Zone has an area of 553.8 square miles.

**College Rowing**  
The first collegiate boat races were between boats owned by Yale students in Boston harbor in 1844, the contestants being an eight-oared gig and a dugout canoe. The first intercollegiate race was rowed by Yale and Harvard crews in eight-oared barges over a two-mile course on Lake Winnebago in 1852.

**Lawyer's Privilege**  
The thirty-first article of the canon of ethics of the American Bar association says: "No lawyer is obligated to act either as adviser or advocate for every person who may wish to become his client."

**Slightly Altered Meaning**  
Many are the laughs that come out of jumbled type. An advertisement was meant to read: "Outraged readers will like this book." The printer put the last letter of the first word at the beginning of the second! Try it on your own typewriter.

**Police in World's Capitals**  
New York city has a daily population of 7,000,000, and on this basis has one guard for every 350 persons. In London there is one for every 365; in Rome, one for 129; in Berlin, one for 225, and in Paris, one for every 276 persons.

**Origin of Common Words**  
The common word lumber originated from the Lombard room, or place where the Lombards or medieval bankers and pawnbrokers stored their pledges, and they, in their turn, took their name from Lombardy. Magnesia is the name of a place in Thessaly, and in milliner we see the city of Milan.

**Humming Bird's Beauty**  
To watch a humming bird put on the brakes, as it were, and pause motionless in the air, as it dips its long beak into an opened gladiolus flower, is a sight never to be forgotten by either adult or child. The bird's gossamer wings beat the air with such rapidity that they are almost invisible, being but a slight blur in the air.

**The Sweetest Music**  
The sweetest music is not in the oratorio, but in the human voice when it speaks from the instant life tones of tenderness, truth or courage.—Emerson.

**Dolls Now Live Longer**  
With the cessation of manufacture of the kinds of dolls that had fragile heads the life of the average doll has been increased from a few days to a period that may run into years. Inquiry by the manufacturers among children developed the fact that they prefer soft-bodied dolls because they cuddle easier. Yankee ingenuity was applied.

**Pheasants From Asia**  
Although pheasants were hunted in England in 1200, the bird is not British in origin. This fine game fowl came from Asiatic countries originally, including both Japan and China. The Mongolian type is one of the most beautiful, though the golden pheasant is said to be the most beautiful. The Reeves pheasant has a tail sometimes five feet long.

**One Unclaimed District**  
No Man's Land or Public Land Strip, so named because it was not included under any government, was a district ceded to the United States by Texas in 1850. It now constitutes Beaver county, Oklahoma.

**Ancient African Kingdom**  
Monomotapa was a former native kingdom of East Africa in the Mosambique-Zambesi region. It was visited by the Portuguese in the sixteenth and seventeenth centuries. Nothing very definite is known concerning it.

**Puppets in Religious Rites**  
It was an invention of a genius, although a prehistoric one—a priest—who conceived the idea of miniature gods, who acted out the story of the religion he served. Puppets came into being to serve this purpose. In time it grew to be a little drama of the beginning of things.—Century Magazine.

## The Call of the Country

Out and away from the humdrum of the ordinary—in your own car—with the blue sky above and a thrilling road ahead! The Middle West has a glamour all its own—the glamour of the unexploited and unspoiled. Marvels of nature—places of romance—beautiful scenery—are waiting for you to find them out.

Not very far from your home you may find them. The short list below is a mere suggestion:

- 1—Sequoia Cave, Missouri. Contains enough water to make a lake. Its stalagmites and other wonders can be viewed from a boat. Sequoia State Park is eight miles southwest of Springfield which is on State Highways No. 3 and No. 14.
- 2—Backbone State Park, Delaware County, Iowa. Beautiful Richmond Springs and trout fish hatchery nearby. Near Manchester which is on State Highways No. 5 and No. 13.
- 3—Statue of Sacagawea who helped Lewis and Clark win the race with England for the Oregon country, a more important and romantic figure in our early history than Pocahontas. At Bismarck, North Dakota. State Highways No. 3 and No. 6.
- 4—Galena, Kansas, center of America's greatest Lead-Zinc fields. Itasca Park Highway No. 7 from Pittsburg.
- 5—Tomb of Lincoln at Springfield, Illinois, with hundreds of souvenirs of his life. The town of Old Salem nearby, preserved as it was when Lincoln lived there. State Highways No. 10 and No. 4.
- 6—Man-shaped Indian mounds. Two miles north of Baraboo, Wisconsin. State Highway No. 13.
- 7—Lake of the Torch, Michigan, named from the habit of the Chippewa Indians of fishing at night by means of birch bark torches. Glorious resort region. State Highway No. 11.
- 8—"Hole Tavern" or "High Street House", an old tavern in New Albany, Indiana, where Daniel Webster, Andrew Jackson and Henry Clay stopped. State Highways No. 16 and No. 5.
- 9—The Mississippi Valley in Minnesota from the Twin Cities to the Iowa line. High wooded bluffs and beautiful scenery. Good fishing. State Highway No. 3 follows the river all the way.
- 10—Sylvan Lake, more than a mile above sea level, a fairyland of unique beauty locked in by granite walls. In the Black Hills of South Dakota. State Highway No. 36.

A trip of exploration will be easy—inexpensive—and joyous! Wherever you go—good roads and Red Crown Gasoline! Standard Oil Company (Indiana) Service Stations will supply the needs of your car wherever you may motor in the Middle West. Start tomorrow!

**Fitch**  
takes the  
"Sham"  
out of  
Shampoo

WHETHER your hair is bobbed or long—whether you have dandruff or not—your hair and scalp should be kept clean and healthy by the regular use of the Fitch Shampoo.

No other shampoo can do what Fitch's will. The Fitch Shampoo dissolves and removes from the very first application every particle of dandruff and foreign matter, leaving the scalp clean and healthy and the hair soft and fluffy.

The Fitch Shampoo is crystal clear. Every particle is soluble in water and can easily be rinsed out. After a Fitch Shampoo there is no necessity for an acid rinse which tends to dull and discolor the hair.

Make your next shampoo a Fitch. Buy a bottle at any retail goods counter or write direct to the F. W. Fitch Co., Des Moines, Ia., for "one trial bottle." See for yourself how beautiful your hair can be—know the joy of a really clean scalp. If Fitch's isn't all we say, take it back and your money will be refunded.

"There's Beauty for You—in the Fitch Shampoo"

After the Shampoo, there is a FITCH TONIC for every hair and scalp condition!

For tender, sore, itching scalp FITCH'S TONIC is the best.

If the hair is inclined to be oily, FITCH'S TONIC or RESPERINE will take the hair to stay in place, and FITCH'S LA FOAM.

## SITES, MARKERS, MONUMENTS IN MINNESOTA

EVER since THE BRAINERD DISPATCH became aware of how the East establishes its historic sites by marking them permanently with markers or monuments, we have favored a similar course in Crow Wing county. We had high hopes that the Chamber of Commerce, or the Rotary and Lions clubs, the Daughters of the American Revolution would take up the subject and establish a marker or two to designate the site of some historical event which had transpired in this county. The marker need not be of bronze or copper. The local foundry may easily cast the marker, using mere iron.

In spite of a number of editorials on the subject, nothing happened. The markers in the East are eagerly scanned by the tourists. For instance, in Boston, the path Paul Revere took is marked with tablets from start to finish and one may easily drive one's car and follow every point on the route. One should think some of the resort owners, the platters of large lake subdivisions, would be eager to mark in permanent form the site of some historical incident.

And now the school teachers have taken up the burden. As mentioned by the Minneapolis Tribune, appointment of Arthur T. Adams, Minneapolis high school teacher, to make a state-wide survey of historic sites, markers and monuments in Minnesota, was announced by Professor T. G. Blegen, acting superintendent of the Minnesota Historical society.

"The plan," said Professor Blegen, "is to organize a staff of voluntary workers with each county represented, and to compile an accurate record showing first what has been done, and second what the possibilities are for further work in the general field of the marking of sites and the erection of monuments."

Mr. Adams, who teaches at South high school, Minneapolis, is outlining plans for the survey preparatory to making a report at the coming state convention of the society at Mankato.

"Through the survey," said Professor Blegen, "we hope to be able to make an inventory by counties of all historic monuments and markers and to make a thorough-going study of all historical points of interest available for future marking."

Co-operation of such groups as the D. A. R. trail organizations, tourist agencies and county historical units will be sought, the professor said.

Professor Blegen believes the survey will stimulate interest in local historical work to the extent that new county units will be organized.

## PUBLICITY WELL DESERVED

THE Brainerd Ladies band, due to rare determination to practice and play well and to make the best of opportunity, are gaining much publicity at home and abroad. All the world loves success, whether in an individual or an organization. Wherever and whenever engaged, the band has scrupulously observed its contracts and the girls have made friends.

The girls have financed the band through their own efforts. They have gained no share of the taxes levied for amusement purposes. The Verndale Sun of June 10 remarks that the "main attraction for their Fourth of July will be the great Brainerd Ladies band which is fast gaining state wide renown. In the St. Paul Pioneer Press of last week a two column article with pictures sang this band's praises high, telling of what great demand they were in and how their reputation was fast spreading all over the United States."

It has been many years, almost a quarter of a century, since a Brainerd band played at the state fair. The engagement of the Brainerd Ladies band at the state fair was secured through their own efforts. Scouts from the fair board heard them play at Aitkin, and aware of the publicity the band is gaining and the following it is attracting, engaged them to play at the state fair this year.

In spite of all the praise and publicity, the band members have no cases of exalted egoism. They are, if anything practicing more diligently. Their marching must be improved. With that end in view Mrs. Winifred Cronk Ziebell has engaged Gerald V. Cannon, the drum major of the St. Paul Elks drum corps, who made so many friends here at the time of the Elks state convention at Brainerd. Cannon will give them expert advice on marching while playing, and if they master the intricate steps he will teach, their marching as well as their playing will make a hit wherever they appear.

The enthusiasm of the band girls knows no bounds. It is contagious, infectious. The director and every band member deserve all the praise they get. We now consider the Brainerd Ladies band as much an institution and asset of the city as Joe Bullet Bush, the Northern Pacific shops, our water tower, the tourist park, etc.

## KEEPING PLACARDS OFF HIGHWAYS

STATE road authorities have warned all politicians to keep their placards off the limits of the state highways. This is a violation of the state law relating to advertising on the highways, and state road patrolmen have been instructed to remove all such advertising whenever seen on the highway, and calls attention to the law as passed by the last session of the legislature.

This provides that "any person who in any manner places, puts or maintains any advertisement within the limits of a public highway, prints, places, puts or affixes, or causes to be affixed any advertisement on or to any stone, tree, fence, stump, pole, milestone, danger-sign, guide post, bill-board, building or other object within the limits of the public highway shall be guilty of a misdemeanor. \* \* \* Any advertisement in or upon a public highway in violation of the provisions of this act may be taken down, removed or destroyed by the direction or authority of the commissioner of highways in the case of state trunk highways, by the county board in the case of county and state aid roads, and by the town board in the case of township roads."

SINCLAIR LEWIS, the author of Main Street and other late books, is summing at Breezy Point, near Pequot. The newspapers in that neighborhood are giving him much publicity, deeming it an honor to have him in their neighborhood.—Verndale Sun.

BRAINERD  
25 YEARS AGO

From the Daily Dispatch

Tuesday, June 11, 1901

Cashier LaBar went to Duluth this afternoon on business connected with the plans and specifications of the new opera house.

P. M. Lagerquist went to Crookston this morning on business connected with his large farm of that city.

R. G. Valleryne today sold to P. H. Carney a house on Ninth street, consideration \$560.

Work on the bicycle paths has been suspended until Monday. The cutting on Ninth street North will commence in a few days and the path over through East Brainerd will also be continued.

Invitations are out for an at home to be given by Mrs. C. D. Johnson, Mrs. C. J. Meritt, Mrs. L. J. Cafe, and Mrs. E. C. Bane at the home of Mrs. Cafe on Thursday afternoon from three until six.

## Grubstone Chat

R. D. King: "I wish you would call attention again to the fact that it is imperative that limbs of trees hanging across the curb along the streets where the bicycle paths have been put in must be cut. It is a great annoyance, especially to ladies riding on bicycles as their hats get caught in the trees."

The annual picnic of the N. P. employees will be held this year at Deerwood on June 22. \* \* \* The members of the committee have been around among the business men of the city and considerably over \$100 has already been contributed by the merchants towards the prizes. \* \* \* There will be an unusually large attendance this year, something like 350 having already been sold and it will be a gala day.

The third regiment S. M. N. G. is in the city. The soldiers ended their long "hike" or seven days at noon today when they marched triumphantly into Holland's pasture, this side the fair grounds where they will camp for two or three days. \* \* \*

An officer's dance will be given tomorrow evening and it will be the social event of the regiment's stay in the city. \* \* \* Capt. O. E. Lee, inspector of small arms and the officers who will have charge of the shooting assisted by Sergeant Britton have been busy all day getting the ranges in shape. Everything is in readiness and the shooting will commence tomorrow morning. This will be one of the most important features of the outing this year as it will serve to classify the men of the regiment into the different grades of marksmanship.

Last night those who will represent Brainerd at the fireman's tournament at Crookston today, Wednesday and Thursday left at twelve o'clock for that place. There were 11 men in the party, Frank Hall having preceded the delegation a day before. \* \* \* The delegation goes with a strong determination of landing the tournament for Brainerd in 1902. According to custom Brainerd should have this convention but it is understood a fight is being made by other cities.

Height of my culinary ambition always has been to make dinner each day a gastronomic poem, rounded and perfect like a stately rime. A meal that pleases eyes, nose and palate alike! A well-turned dinner is like a pretty woman in that it unlocks men's hearts with a magical key. Exotic dishes give a tang of other lands to the dinner table. Things foreign awaken the romantic sense. Taste of codfish a la Benedictine transports one for the minute to the Montmartre in gay Paris, a dash of Piroski and we are supping in a quaint cafe on the Nevsky Prospekt in Leningrad, while the crunch of English tea cakes may bring visions of the rolling moors of Sussex.

Mrs. Wm. Post.

As an aid to the housewife in carrying out this new and fascinating idea in cooking, the following of my recipes may prove of particular interest:

## Italian Polenta.

3 cups hot-cooked 1½ tbsp. butter  
rice or mush or olive oil  
Beat the butter into the mush while hot. Turn onto a hot serving plate and pour over the following cheese sauce:

## Cheese Sauce.

2 tbsp. fat ½ cup evaporated  
2 tbsp. flour milk diluted  
¼ tsp. salt with  
Dash pepper ½ cup meat stock  
¾ cup grated cheese

Melt the fat, add the flour, salt and pepper, and stir until the mass is smooth. Add the diluted milk and cook in a double boiler. Stir occasionally to keep smooth. Add grated cheese to the hot sauce and stir until melted or about three minutes.

## Butterficken Kuchen.

1½ cups sugar 2½ cups flour  
¼ cup butter 4 tsp. baking  
2 eggs, separated powder  
1-3 cup evaporated Grated rind of 1  
milk diluted lemon  
with Chopped or sliced  
2-3 cup water almonds  
Cream butter and sugar, add yolks of eggs and the lemon rind, stirring constantly. Mix flour and baking powder, add to the butter mixture, alternately with the milk and lastly stir in the stiffly beaten whites of eggs. Place in well-greased shallow coffee cake tins, sprinkle with granulated sugar, cinnamon and a few almonds, sliced fine or chopped. Bake in a moderate oven.

ROYAL WELCOME  
GIVEN CARDINAL  
OF EMERALD ISLES

"I AM BUT A HUMBLE MAN,"  
SAYS CARDINAL O'DONNELL

SEVENTY OTHER CHURCHMEN  
IN THE PARTY ARRIVING

New York, June 11.—(UP)—Patrick O'Donnell, primate of Ireland, stood in the dignity of his robes and his 70 years on a Hoboken pier as he landed from the liner President Roosevelt today and spoke deprecatingly as a crowd of churchmen and laymen joined in welcoming him to America.

"I am but a humble man," the aged prelate said, speaking of the impressive welcome being accorded to all the foreign church leaders, arriving for the coming Eucharistic Congress in Chicago. Six feet tall, broad shouldered and genial, the cardinal, who comes from County Armagh, had played deck golf and joined in other deck sports on the trans-Atlantic voyage. He was interested principally in telling of Ireland's affection for America and in meeting an uncle, John Breslin, of Brooklyn, N. Y., whom he had never seen.

Seventy other churchmen were in the cardinal's party, which was met at the pier by Mayor Frank Hague of Jersey City, Acting Mayor Augustus Bach of Hoboken and New York and New Jersey clerics.

Cardinal O'Donnell is the second primate of Ireland ever to visit the United States.

Cardinal O'Donnell leaves for Chicago Wednesday.

Meanwhile civic and church leaders were preparing an enthusiastic welcome to Cardinal Bonzano, papal delegate to the Eucharistic Congress who is due later today on the S. S. Aquatania.

Cardinal Hayes and other church dignitaries will go down the bay on a yacht to meet the Aquatania due at quarantine at 2:30 P. M. Other delegates representing the Catholic club will be at quarantine while Knights of Columbus, the Holy Name society and other organizations have chartered four steamers in which they will meet the liner.

## Brown and you

Brown's a good fellow, but he's different from you. He isn't successful the way you are. He's got a funny taste in clothes. He doesn't understand what makes a good show or a good book. He doesn't golf. He isn't popular, either—Brown. Not the way you are. Oh, Brown is as far removed from you as the North Pole!

But—at that, there are certain things. Both of you feel suddenly old when you see a pack of kids swimming frankly in the creek. Both of you get a tight throat when you watch men hoist the flag. Both of you fiercely want your sons to grow up into fine, respected men. Both of you want to get on, and save money, and cut some kind of figure in the world. Both of you get hungry along about dinner-time.

Not so very different after all. In lots of ways Brown and you are pretty close. In the human, simple things. Has it ever struck you how closely advertising deals with just those simple human things? Advertising gets down to fundamentals—the health of your children, the happiness of your wife, your comfort. It tells ways to save money and time and energy. It touches you in a hundred ways—in the ways that make you and that good fellow, Brown, pretty much alike.

Read the advertising in the newspapers. It is important. It is human and helpful. It is dedicated to Brown and you.

If it's advertised, you can be sure it serves an important home need. Read the advertisements

# DICKIE LOEB, THRILL SLAYER, ATTAINS 21

PASSES INTO ESTATE OF MAN-  
HOOD BEHIND PRISON  
BARS

ONLY 18, WHEN WITH NATHAN  
LEOPOLD, HE KIDNAPED  
BOBBY FRANKS

Joliet, Ill., June 11.—(UP)—  
Dickie Loeb passed into the estate  
of manhood today behind prison bars  
that are to confine him for life.

The millionaire's boy, who killed  
Bobby Franks and was spared from the  
gallows because of his youth, be-  
came 21 years of age today. He  
was only 18 when, with Nathan Leo-  
pold, he kidnaped and murdered  
Bobby Franks for a "thrill."

That was May 21, 1924. Dickie  
became 19 years old on June 11 of  
that year, just two weeks before his  
fate was placed in the hands of  
Judge John R. Caverly, and in sen-  
tencing Dickie and Nathan to life  
imprisonment, Judge Caverly ex-  
plained that he spared them from the  
gallows because of their youth.

Young Leopold is nearly a year  
older than Dickie, but was still 19  
when the famous murder case was  
heard. For Dickie his 21st birthday

was not unlike other drab days in  
the penitentiary.

He had hoped that his mother and  
brothers would pay him a visit, but  
the driving rain was falling outside  
and he feared it might prevent them  
from coming. If they came down  
from their Chicago home Dickie will  
be relieved of his prison duties for  
a few hours to meet them and eat  
the birthday delicacies that they  
had promised.

It has been nearly two years since  
Dickie entered the prison gates and  
he has changed greatly, his guards  
report. No longer is he the hand-  
some erect youth who smiled indif-  
ferently, almost contemptuously, as  
he stood before the bar and confessed  
killing 14-year-old Robert Franks.  
His athletic frame has sagged, the  
cheeks that were round and tanned  
from outdoor sport when first he  
was arrested, have lost their plump-  
ness and color. Even his mind, ac-  
cording to the jailers, is not so alert  
and he sometimes is considered  
"queer."

Clarence Darrow, the attorney who  
successfully defended him against  
the popular clamor that he be hang-  
ed, predicted during the trial that  
Dickie would lose his mind behind  
prison walls and probably would live  
only a few years. When Dickie be-  
came delirious and was strapped to  
a prison cot, Darrow said he "hoped  
he would die." Darrow always in-  
sisted he fought for Dickie's life only  
"to spare his parents from the hu-  
miliation of having him hanged."

The two years also have brought  
great changes to the mother who

planned to come down to the prison  
for her son's 21st birthday. The  
shock of her son's confession made  
her dangerously ill and she has never  
fully recovered. Dickie's father,  
the multi-millionaire vice president  
of Sears, Roebuck & Co., died only  
a few weeks after Dickie entered  
prison, his death from heart trouble  
being credited largely to his son's  
predicament.

Tomorrow Dickie will return to  
his work, a man in years but never  
to be legally a citizen.

## MIKE COLLINS FACES MYSTERIOUS CHARGES MADE

Omaha, Neb., June 11.—(UP)—  
Mike Collins, St. Paul boxing prom-  
oter, arrested on a telegraphic war-  
rant issued by authorities at Red  
Wing, Minn., on charges of embezzle-  
ment and forgery here last night in-  
sisted that "there must be some mis-  
take."

"I have not been in Red Wing in  
25 years," Collins said. "I have  
dealt with no one there except Jack  
Connors, who handled Jack Dempsey  
on several theatrical tours."

Collins, who was released on \$5,-  
000 bonds, furnished by Gene Melady  
Omaha sportsman, said he would re-  
turn to Minnesota to face the charges  
at once.

### What Next?

And now it's the animals! The  
raffes, we understand, are on still.  
"Higher cages" is their slogan.

## STOKES WILL TO BE CONTESTED

MRS. STOKES TO BEGIN CONTEST  
ON BEHALF OF HER TWO  
CHILDREN

New York, June 11.—(UP)—The  
way was opened yesterday for the  
proposed contest of the will of the  
late W. E. D. Stokes. The surro-  
gate's court here was notified that  
Mrs. Stokes had been served with  
notice that the will would be pro-

bated here July 7 and an order was  
then made permitting summons of  
similar notice on Mrs. Stokes' two  
children through an uncle. That  
gives Mrs. Stokes the right to insti-  
tute contest on behalf of her two  
children.

Stokes in his will left his entire  
estate valued at several million dol-  
lars to W. E. D. Stokes, Jr., cutting  
off with nothing the two children of  
Helen Elwood Stokes.

### Work of an Optimist

The optimist takes the lemon hand-  
ed him, adds the sugar of a sweet tem-  
per and refreshes himself with a lean-  
onade.—Asheville Times.

## FRECKLE FACE KID OF MOVIES TO MARRY SOON

New York, June 11.—(UP)—Wes-  
ley E. Barry, the freckle faced kid  
of the movies, obtained a license at  
the city hall here today to marry  
Miss Julia A. Wood of Newark.

Barry is 18. Because he is a  
minor, he filed consent papers signed  
by his mother Mrs. Martha Barry  
Eyre, Los Angeles.

No date or place of the marriage  
was indicated.

## U. S. THESIS ON NAVAL ARMAMENTS BRINGS REJECTION

Geneva, June 11.—(UP)—The  
United States thesis that naval arma-  
ments should be discussed separately  
from aerial and military armaments  
was rejected today by the sub-com-  
mission of the League of Nations  
preliminary disarmament conference.  
The sub-commission adopted the  
French thesis that the three arms  
are inseparable and must be consid-  
ered together.

## CONQUER CONSTIPATION EASILY

Kellogg's ALL-BRAN relieves con-  
stipation because it is 100% BRAN

Mr. McEnery tried  
part-bran substi-  
tutes—but only  
ALL-BRAN brought complete re-  
lief. Here's what he says:

"For fifteen years I was constantly  
battered with constipation. About two  
years ago I tried out mixed bran and corn  
flakes but did not get much relief. Some  
eighteen months ago, I began using  
Kellogg's ALL-BRAN. From the first  
week to this good day, I have never had  
to take a dose of any laxative medicine  
of any description."

JAMES D. McENERY,  
R. F. D. No. 4, Alto, Texas.

Constipation is the enemy of  
health. The cause of more than  
forty diseases. Don't let this in-

sidious trouble send its poisons  
through your body. Pimples, spots  
before the eyes, indigestion and  
headaches—are warning signs.

Kellogg's ALL-BRAN is guar-  
anteed to relieve constipation or  
your money is refunded. Delicious  
with milk, fruit or with other  
cereals. Fine in cooking.

Made by Kellogg in Battle Creek,  
Michigan. Sold by all grocers.  
Served everywhere.

**Kellogg's**  
ALL-BRAN

### Good For Everyone

NORTHFIELD Evaporated Milk  
is good for everyone—from the  
tiny baby to the oldest person. It is  
easily digestible and will remain  
sweet for days after opening, if kept  
cool and clean.

Save the labels and reduce your  
expenses. You can exchange 40 labels  
for either a tall can of Northfield  
Evaporated Milk absolutely free—or  
cash redemption value of one-fourth  
cent each in lots of forty.

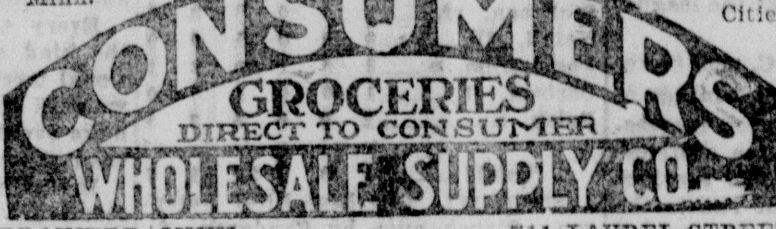

Northfield Evaporated Milk is a  
smooth, better milk with a real milk  
taste. Every can is guaranteed and  
complies with the United States  
Government Standard.

# PAUL BERLENBACH DEFEATS STRIBLING

## DECISION IS CHAMPION'S BY A MILE

YOUNG STRIBLING IN "CATCH AS CATCH CAN" MANEUVERS FOR FIRST FIVE ROUNDS BOUT HAD SOME ACTION

By PAUL W. WHITE  
(United Press Staff Correspondent)  
New York, June 11.—Paul Berlenbach remains the light heavyweight champion of the world and from the list of those disputing his title the name of Young Stribling has been erased.

The fight went the full 15 rounds and Berlenbach was employed in setting down the challenging Georgian and the decision was his by a mile.

It was not a fight calculated to please many of the 50,000 or so customers. If Stribling had been successful in the fascinating "catch as catch can" maneuvers he employed, it would have been a wrestling match.

For the first five rounds the bout had some action. But Paul's vicious left reduced Stribling to a point where he spent the rest of the evening in clinches. As the southerner hung on to the champion, he pushed and shoved, once backing Berlenbach through the ropes and into the press box. The diversion came in the 14th.

In the first three rounds the boxers felt each other out and no blow of consequence was landed. The fourth saw Berlenbach shoot a left to the heart and that blow may have been the decisive stroke.

Stribling outboxed his opponent in the fifth, but faltered after that and won no other round.

In the late periods Stribling was repeatedly warned by the referee who tried his best to speed up the bout. Berlenbach attempted to fight but Stribling clinched so repeatedly that many fans began to leave. Even persistent booing failed to arouse the challenger, who seemed not to have a telling blow in his repertoire.

"Pa" Stribling, father-manager of the defeated boxer, said after the bout that he had no excuses. He refused to coincide with some critics who said that Stribling was too finely trained.

### Watching the Scoreboard

Yesterday's Hero—Adolfo Luque, the Reds Cuban pitcher, who set down the Robins 4 to 3, the Reds regaining the league lead.

The Braves made it eight in a row, poking out 12 hits and defeating the Cubs, 8 to 4.

Flint Rhem, the young Cardinal right hander, allowed the Giants only five hits and St. Louis won 3 to 2.

Home runs by Lazzeri and Meusel helped the Yankees to make it three straight over Detroit. Penneck pitched the 8 to 1 victory.

The Pirates were demoted from first place when the Phillies came from behind with wild rallies and won 13 to 9.

The Red Sox gained an early lead and were never headed, beating St. Louis easily 8 to 3.

Jack Quinn pitched shut out ball, while every one of his mates gathered at least one hit and the Athletics trimmed Chicago, 6 to 0.

Three singles, two doubles and a sacrifice in the ninth netted Washington four runs and Cleveland was beaten 5 to 3.

Pounding three pitchers for 19 hits the Brewers won from the Senators 16 to 5 and ran their string of successive victories to 17.

Taking the lead in the first inning the Saints were never headed, downing the Colonels 4 to 1.

Scoring 14 runs in the first four innings the Hens downed the Kaws 17 to 10.

After having lost 10 straight the Millers defeated the Indians 9 to 6.

### Here Is a Philosopher

Years ago a barnstorming company played "East Lynne" in a tent. It was a terrible performance and terribly did the rustic audience receive it. As the half-starved and cadaverous leading man was walking off the stage, a well-dung turnip smote him on the nose. He picked it up and began to chew it, muttering, "Humiliating—but wholesome!"—Albert Payson Terhune, in the American Magazine.

### Excellent Memory Test

Doctor (to patient)—You go to your chemist and ask him for some iodohydrargyrate of iodide of potassium, some ankydroglucocloral, and some dioxamidoarseno benzol—and I should not be surprised if with those we shall be able to triumph over your loss of memory.

## MAY PLAY TENNIS AGAIN IN FOUR WEEKS

### APPENDIX REMOVED WITHOUT CUTTING ABDOMINAL WALLS

### HELEN'S POKER FACE PRE- SERVES ITS USUAL CALM

(Copyright, 1926, by United Press)  
(Copyright in Canada)

Nully, France, June 11.—Helen Wills of Berkeley, Cal., is the finest specimen of girlhood ever seen by Dr. Thierry De Martel, the greatest surgeon in France, who operated upon the American tennis champion for appendicitis only six days ago.

"Miss Wills' excellent physical condition and morale enabled her to dress and walk around her room in the American hospital this afternoon," said the physician enthusiastically.

Dr. De Martel now predicts that the Californian will be playing tennis again within four weeks.

Dr. Gabriel Maurange, who assisted at the operation, disclosed in an exclusive interview with the United Press Thursday night that Miss Wills' unusual muscular development permitted the removal of an appendix for the first time in the history of French surgery, possibly of the world, without cutting the abdominal muscles.

"When Dr. Martel had made an incision one inch deep and found no fat whatever, he was able to pry aside the right abdominal muscle and reach the appendix underneath, whereas customarily a surgeon is obliged to make a horizontal incision in this muscle," his colleague explained.

Helen Wills' poker face came in for more enthusiastic comment from the French physician.

"Your Miss Wills is not only a wonderful athlete," said Dr. Maurange, "she is undoubtedly one of the calmest characters in the world. This has enabled her to convalesce at record speed."

"Whereas ordinarily only the best patients rise at the 10th or 12th day after such an operation, Miss Wills ate heartily of chicken on the fourth day and soup this afternoon, walking about her room without danger or pain."

"She is physically a 100 per cent perfect specimen of girlhood, one whom all women of the world could wisely copy."

"Her moderate life, her quiet temper and her devotion to sport have made her body remarkable," the surgeon continued.

"Only such a girl could carry an infected appendix for such a time as she did and play tennis under such circumstances."

"Dr. De Martel, who operates upon as many as 15 persons a day, told me he never before found the equal of Miss Wills. It is exceedingly rare even among men that such harmonious development of body muscles is found."

The two surgeons examined Miss Wills' heart and lungs and found them perfect, Dr. Maurange said.

### First Use of Puppets

Many authorities are inclined to believe that marionettes were invented by priests of an ancient civilization near the Nile. The first puppets were huge statues or idols that spoke and breathed fire and moved, to strike terror in the minds of the worshippers. These images were hollow, with concealed joints at the neck and sometimes in the arms; priests inside them supplied the voice and gesture.—Century Magazine.

### Shadow and Substance

"The fear of ill exceeds the ill we fear," is a pithy saying quoted by Charles Lamb in one of his essays.—Boston Transcript.

## SANDGREN WINS BY SHUTOUT OVER THE B. A. C., 7-0

### PITCHES TWELFTH CONSECUTIVE SCORELESS INNING, GIVES TWO HITS

### ANDERSON HITS SAFELY SEVEN TIMES IN SUCCESSION, PETERSON GETS 3

Game tonight, 5:30 P. M.  
N. E. vs. Seals

Notice to Children: Playing in the sand during the games is strictly forbidden. Children must sit in the grandstand or on the sidewalk. During the game last night one boy was hit on the head by a ball, and several more were stepped on by a fielder pursuing a batted ball. No children will be allowed to sit where they are in danger of being hit or thrown balls.

Sandgren held his former teammates to but two safe hits in last night's game, and blanked the B. A. C. team, while his Y. M. C. A. mates clouted the ball to all corners of the lot for a 7 to 0 victory, thereby going into second place in the standings, right on the heels of the league-leading the Seals.

By holding the B. A. C. men scoreless throughout the seven innings of last night's game, Sandgren increased his run of consecutive scoreless innings to twelve. In the previous game he allowed but one run to the Seals, that coming in the second frame, with the last five scoreless. In last night's game he allowed but two hits, the same number as the Seals got off him in the former game.

By hitting for safe blows in his first two trips to the plate, Anderson of the Y. M. C. A. ran his string of hits to seven in succession. In his last appearance at the plate in the game with the Seals, which the Seals won 8 to 3, Anderson connected safely, and in the next game, also against the Seals, won by the Y 4 to 1, Anderson hit safely four times in the same number of times at bat. He did not play in the next game against the N. E., but in last night's game he got a safe hit in the first two times, making it seven hits in a row. This record will undoubtedly stand for the season. He has hit safely in

each of the six games he has played in.

Hanson ran his string of games in which he has hit at least one safe hit to seven, having got a hit in each of the games to date. Bollens has his safely in each of the last five games. These are the only men of the city league with runs of consecutive games in which they have hit safely, except Thon of Northeast, who has hit safely in each of his five games, and Kaufman, also of N. E., who has hit in the last four games. Thon also had a run of four hits in successive times at bat.

Peterson hit three safeties in last night's game, getting two singles and one double. His double was a long fly over the left center field.

Nutting made three more of his favorite long running catches in center field, going far to the side to take them on the run.

### Ferocious

"And," concluded the meek husband, after he had at last ventured a mild protest, "I would have you know, Mary, that quite often I am not a man to be trifled with!"—Tit-Bits.

## COLLEGE ATHLETES AWAIT THE START OF CHICAGO MEET

### FINE BODY ASSEMBLED AT NA- TIONAL COLLEGIATE A. A. GAMES

### ON EVE OF MEET IT APPEARS THAT RECORDS MAY BE BROKEN

By BERT M. DENBY

(United Press Staff Correspondent)  
Chicago, June 11.—As fine a gathering of college athletes as could be rounded up throughout the nation today awaits the crack of the starter's gun that will open the National Collegiate A. A. games tomorrow.

On the eve of the meet, it appears that records are more certain than ever to be buffeted about as the boys go through their favorite events.

Every athlete entered in the meet is at least a place winner in his sectional games. Some hold world records, others American records and quite a few boast of various conference records.

A glance over the entries brings out such names as Bud Houser, of Southern California; John Kuck, Kansas State Teachers' college; Roland Locke, the Nebraska flyer; Sweet, Montana; Hester, Michigan; Northrop, Michigan; Taylor, Baylor and Barnes, Southern California.

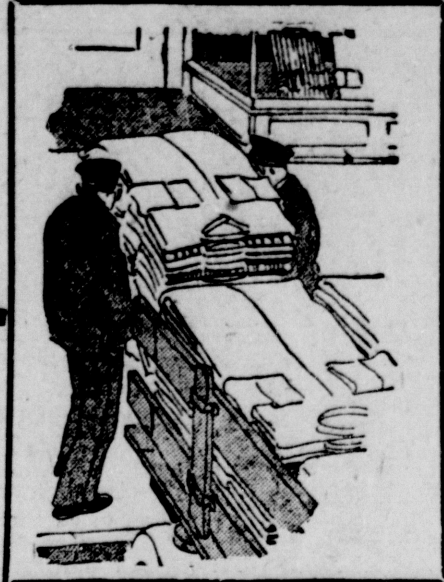

Every event promises to develop the kind of competition that a national meet should bring out but the weights and sprints probably will be more evenly divided among the stars than any of the others.

In the weights Kuck and Houser stand out as the pick but there is Dan Lyon, Illinois; Clifford Hoffman, Stanford, and R. G. Dauber, Iowa, to give the two stars a good run. Any one of the entire list is capable of record throws.

The duel between Kuck and Houser in the shot put and discus throws will be one of the features in the afternoon. In the sprints it seems a toss up between Locke, Hester and Sweet. Either of the three men can run the hundred in 9 4-5 seconds and it will probably be a case of who is right.

Heavy rain falling this morning threatened to cause postponement.

Additional Sports on Page 8

## Awfully Sorry, Mr. Postmaster

to have to ask your Parcel Post men to make so many trips every day but shirts like these simply won't stay in stock!

## VAST BUILDING PROGRAM DONE

Lutheran Missouri Synod Dedicates New Seminary; Dr. Dau Heads First Lutheran University.

On Sunday, June 13th, in connection with the 23rd international convention of the Evangelical Lutheran Synod of Missouri, Ohio and Other States, a group of twenty-five buildings for the theological seminary of that Synod, which were built at a cost of \$3,000,000, will be dedicated. The exercises will be attended by thousands of Lutherans from all parts of the country, from Canada and South America. Con-

PROF. F. PIEPER, D.D.  
President, Concordia Seminary

cordia Seminary is the leading theological institution of its kind in the world, having almost 400 men in attendance training for the ministry. The completion of the new Concordia Seminary is part of an extensive educational program inaugurated in the last two years by the Lutheran church, for which the sum of five million dollars was subscribed in a general campaign.

Dr. Fr. Pieper, the president of the Seminary, has been in the service of his church for more than fifty years. Dr. W. H. T. Dau, who has been on the faculty for many years, accepted the presidency of Valparaiso University at Valparaiso, Indiana. The present faculty is composed of eleven professors and the Synod is being asked to create additional professorships.

**Other Buildings Erected**  
Previous to the dedication of the new seminary buildings, additional buildings to the eleven other academic, colleges, preparatory schools and teachers' seminaries have been dedicated in Fort Wayne, Ind.; Milwaukee, Wis.; St. Paul, Minn.; Concordia, Mo.; Bronxville, N. Y.; Winfield, Kan.; Conover, N. C.; Oakland, Calif.; Portland, Ore.; Edmondson, Alta. Can.; and Porto Alegre, Brazil. The latest college is to be established in Austin, Texas. During the spring

W. H. T. DAU, D.D.  
President,  
Valparaiso Lutheran University

of this year Valparaiso University, Valparaiso, Ind., was acquired by a private association within the Missouri Synod, of which Dr. Dau, of St. Louis, has assumed the presidency. Besides these colleges the Missouri Synod maintains a practical theological seminary in Springfield, Ill., two teachers' seminaries, one in River Forest, Ill., and another in Seward, Nebraska. It is because of these higher educational institutions, that the Missouri Synod maintains its solidarity, not speaking of its 1,360 parish schools for the training of its children by trained teachers.

## LIVESTOCK, PRODUCE GRAIN AND BONDS

### CHICAGO LIVESTOCK

Chicago, June 11.—(By Department of Agriculture)—CATTLE—Receipts, 3,000. ## BUYING ACTIVITIES BROADEN

New York, June 11.—(UP)—Buying activities broadened in today's session under the stimulating influence of further new highs in U. S. Steel and General Motors.

With the latter company's net income promising to aggregate \$85,000,000 during the first six months compared with \$116,000,000 for the full year of 1925 which set a new high mark, urgent demand was in evidence for the stock.

Steel common also continued to forge ahead responding to excellent buying induced by bullish advices sent out by a stock exchange firm whose operations are often traceable to Steel corporation insiders.

The market closed higher.

## Reason for Cold Weather

The naval observatory says while it is true that in the northern hemisphere the maximum difference between the heat lost at night and that gained by day occurs about December 21, it is also true that there is more lost at night than gained by day for some time after that. In other words one might say that the northern hemisphere cools off most rapidly about December 21, but still continues to cool after that time, though more slowly.

## Nonnavigable Rivers

The Platte river and its northern fork, which is about 1,260 miles in length, is the longest nonnavigable river in the United States and perhaps the longest in the world. The Orange river in South Africa, which is 1,100 miles long, is perhaps the next longest nonnavigable river in the world.

## One of Nature's Mysteries

If you put a little salt in water it dissolves. But the water away and the salt reappears. What then becomes of the salt while it is dissolved into water? The water dissolves it into small particles highly charged with the wonderful and mysterious stuff we call electricity. The scientist, Rowson, tells us there is no other substance on earth which does that when dissolved in water. It might be worth a good deal to the world to know why salt has this peculiarity.—Capper's Weekly.

## Barn Owl Farmer's Ally

The barn owl is generally regarded as the most valuable owl to farmers because it lives almost entirely upon the small rodents so injurious to crops. This is said to be especially true in the South, where it subsists on the cotton rat and the many harmful mice, and in the West, where it catches gophers, ground squirrels and rabbits.

## Origin of "Match"

The derivation of the term "match" as used in its present sense is obscure. It is probably from the Greek and Latin "myxa," meaning a nozzle of a lamp. In 1837 we find reference in literature to matches, the name being applied to the wick of a candle or lamp. The earliest reference to matches in their present sense is found in 1580.

## A ROYAL ENTERTAINER PERFORM

Amir Buz, a genuine East Indian conjurer, produces a Liberty Bell from a reporter's hat. He is one of the artists in the India Building at the Sesqui Centennial International Exposition, which opened in Philadelphia June 1 to December 1 to celebrate the one hundred and fiftieth anniversary of the signing of the Declaration of Independence.

## Volcanic Disturbance

The far-reaching effects of a volcanic eruption were witnessed in 1883 in the straits of Sunda, between the islands of Sumatra and Java. The explosion when the volcano burst out on the island of Krakatoa was heard in Ceylon, 2,000 miles away, and the ocean wave set up by the outburst carried French men-of-war ashore at Madagascar.

## BANKRUPT'S PETITION FOR DISCHARGE AND ORDER OF NO-TICE THEREON

In the District Court of the United States, for the Fifth Division, District of Minnesota.

In the matter of Richard Edwin Phillips, Bankrupt No. 2946 in Bankruptcy.

To the Honorable William A. Cant, Judge of the County of Crow Wing, and State of Minnesota, in said District, respectfully represents:

That on the 30th day of March, 1925, last past, he was duly adjudged bankrupt under the Acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said Acts and of the orders of the court touching his bankruptcy.

WHEREFORE HE PRAYS that he may be decreed by the court to have a full discharge from all debts provable against his estate under said Bankruptcy Acts, except such debts as are excepted by law from such discharge.

Dated this 15th day of May, A. D. 1925.

RICHARD EDWIN PHILLIPS, Bankrupt.

Filed March 15, 1926.  
JOEL M. DICKEY, Clerk.  
By J. C. HERMAN ENGEL, Deputy.

Order of Notice  
District of Minnesota, ss.:  
On this 8th day of June, A. D. 1926, on reading the foregoing petition for discharge of the above named bankrupt, it is—

ORDERED BY THE COURT, That a hearing be had upon the same on the 24th day of July, A. D. 1926, before said court, at Duluth, in said District, at ten o'clock in the forenoon; and that notice thereof be published in The Brainerd Dispatch, a newspaper printed in said District, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of said petitioner should not be granted.

AND IT IS FURTHER ORDERED BY THE COURT, That the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

WITNESS, the Honorable WILLIAM A. CANT, Judge of said Court, and the seal thereof, at Duluth, in said District, on the 8th day of June, A. D. 1926.

JOEL M. DICKEY, Clerk.  
(Seal of the Court) Clerk.  
By J. C. HERMAN ENGEL, Deputy Clerk.

## Keeping Turkey at Home

A short piece of light board fastened across a turkey's back will prevent the bird from flying over a fence. Cut notches or bore holes in the board and tie with a strip of cloth to each wing. When the wings are raised they strike against the board and flying is prevented. The length of the board should be about the same as the thickness of the turkey's body from side to side.—Pathfinder Magazine.

## BANKRUPT'S PETITION FOR DISCHARGE AND ORDER OF NO-TICE THEREON

In the District Court of the United States, for the Fifth Division, District of Minnesota.

In the matter of Carl Adolph Gorden, Bankrupt No. 2932 in Bankruptcy.

To the Honorable William A. Cant, Judge of the County of Crow Wing, and State of Minnesota, in said District, respectfully represents:

That on the 23rd day of March, 1925, last past, he was duly adjudged bankrupt under the Acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said Acts and of the orders of the court touching his bankruptcy.

WHEREFORE HE PRAYS that he may be decreed by the court to have a full discharge from all debts provable against his estate under said Bankruptcy Acts, except such debts as are excepted by law from such discharge.

Dated this 15th day of May, A. D. 1925.

CARL ADOLPH GORDEN, Bankrupt.

Filed March 15, 1926.  
JOEL M. DICKEY, Clerk.  
By J. C. HERMAN ENGEL, Deputy.

Order of Notice  
District of Minnesota, ss.:  
On this 8th day of June, A. D. 1926, on reading the foregoing petition for discharge of the above named bankrupt, it is—

## FREEBURG WAS ON VERGE OF QUITTING THE ROAD

But Karnak Stopped His Stomach Troubles And Built Him Up 10 Pounds To Perfect Health, Says Minneapolis Man.

"Yes, sir, I was just about ready to quit the road, but Karnak has put me in the pink of condition, a well man, and now I am telling all my friends about this remarkable medicine," states A. O. Freeburg, 501 Ridgewood Ave., Minneapolis, Mdse. sales expert.

"Nobody knows the misery I had to endure with stomach trouble," continues Mr. Freeburg. "Food would just lie like lead in the pit of my stomach, and I'd bloat up as tight as a drum with gas and feel as weak as a kitten."

"My liver was sluggish and I suffered with constipation and headaches. My nerves were so on edge the least little thing would irritate me, and nights I was in such misery I couldn't rest."

"I wasn't able to find anything to help me till I finally began using Karnak and Karnak Pills, but I could sure tell a difference when I started on this medicine."

"I have taken four bottles now

and it has made a clean sweep of my troubles and built me up 10 pounds. My nerves are as steady as a clock, I sleep like a top every night, and am just brimful of new life and energy. Just have anybody see me or write me about this medicine, for it has sure made a new man of me." Karnak is sold in Brainerd by all good drug stores, and by leading druggists in every town. —Advt.
